

A close-up photograph of an ancient stone relief carving. The carving depicts a human face in profile, looking to the left. The face has large, almond-shaped eyes with prominent eyelids. Below the eyes, there is a thick, beaded necklace or collar. The beads are arranged in a grid-like pattern, with each bead having a circular, slightly raised center. The stone is a warm, golden-brown color and shows signs of age and wear. The background is dark, making the relief stand out.
